Dear Messrs. Day and Jansen:

REQUEST FOR A 40-DAY EXTENSION OF THE TIME ALLOTTED TO DISPOSITION REGULATOR  
REVIEW COMMENTS ON THE DRAFT C, 200-UP-2 OPERABLE UNIT (OU) WORK PLAN

This letter acknowledges that the U.S. Department of Energy, Richland Field  
Office (RL) received your review comments on the Draft C Version Remedial  
Investigation and Feasibility Study Work Plan for the 200-UP-2 OU on  
November 3, 1992.

Due to the need for a comment clarification meeting with the  
U.S. Environmental Protection Agency (EPA) and the State of Washington  
Department of Ecology (Ecology) Unit Managers prior to submittal of RL's  
response, it is not possible to appropriately disposition your comments within  
the time frame allotted for primary document review by the Hanford Federal  
Facility Agreement and Consent Order. This issue was informally discussed  
with the Ecology Unit Manager during a telephone conversation held on  
December 1, 1992, and it was then agreed that a comment clarification meeting  
be tentatively held on December 21, 1992. We are, therefore, requesting that  
you grant an additional 40 days, for a total of 70 days, to provide  
resolutions to review comments. This extension allows RL to provide EPA and  
Ecology with RL's dispositions by January 11, 1993. During the phone  
conversation, it was also agreed that submittal of the next draft be delayed  
60 days from the comment clarification meeting.

If you have any questions concerning this request, please contact Mr. Paul Pak  
on (509) 376-4798.

Sincerely,

Steve H. Wisness  
Hanford Project Manager
